TITAN Flange Alignment Tool

TITAN flange tools are safe, fast, and effective. The tool's tapered shaft is a patented feature that eliminates the need for hammering and prying when lining up flange bolt holes.

TITAN flange aligning tools are sold individually and in sets. Sizes range from 3/8" hole diameter to 3-5/8" hole diameter

TITAN is the only flange alignment tool on the market that compensates for up and down, as well as rotational misalignment. Its simplicity makes it the most affordable flange alignment tool on the market!

Safer Tools / Safer Workplace
